- 7 - 8 Making a 1/4 to the right, pull right arm in and step left to left side 6:00

**\*\* Section C is a floor split down the centre, right side have the steps listed, left side switch feet, so start by crossing with the left and step the left foot forward rather than right. They then make there 1/4 turns to the left. This should mean both sides face the outer walls together the back wall together and then face each other, before all returning to the front. This is only on section C...**
